October 5, 2026		Annual premium in force		\$2,700.00

This document reproduces policy CGP-01707 as it stood on October 5, 2026. Endorsements and corrections effective after that date are not shown. Regenerating it for the same as-of date from the same policy events produces the same figures.

The amount charged is the prorated premium and its California premium tax, charged (positive) or credited (negative) from the endorsement's effective date to the end of the term.
